ABOUT THE INSTITUTE

Shri Shankaracharya Institute of Professional Management and Technology (SSIPMT) Raipur is an insignia of quality technical and management education in Central India. The institute, established on 8th August 2008, is approved by All India Council of Technical Education, New Delhi and is a self-financed institute affiliated to the State Technical University – Chhattisgarh Swami Vivekananda Technical University (CSVTU), Bilai. SSIPMT runs under the aegis of Shri Gangajali Education Society, Bilai (Registration No: 2005, Dated 18.05.1994) constituted under the provision of Statute 28, framed under M.P. Vishwavidhyalaya Adhiniyam 1973 and the AICTE Act.

SSIPMT maintains high academic quality standards; the certification by the NAAC, NBA and IIC Ranking is testimony of the same. The institute has been ranked as “Best Technical Campus in Chhattisgarh” at the ‘Think India Education Summit 2015 Chhattisgarh.’ Our quality is also endorsed by the prestigious 5S Certification by JUSE, Japan and ISO certification. The institute stands out with distinctions for inaugurating India’s First AICTE-IDEA Lab among the only 49 institutes selected across the country by AICTE and Ministry of Education. Owing to the successful multi-disciplinary innovation ecosystem fostering the culture of innovation among students in institute, we have been awarded 4 Star (out of 5) rating in Institution Innovation Council (IIC) set up under Ministry of Education (MoE), Govt. of India consecutively for two years. The institute is spread over lush green and pollution-free environs of the capital city and offers a unique atmosphere for educational excellence. Amidst beautiful landscape, aesthetic architecture and avant-garde infrastructure, the institute epitomizes an exemplary setting for higher learning. To sum up, SSIPMT has left no stone unturned to reach the pinnacle of merit in engineering education.

VISION

"To be a premier technical institute in the country that imparts innovation-driven education to nurture value-based competent future professionals"

SSIPMT Raipur has made optimum endeavors to take engineering education to greater heights as one of the pioneering institutes in the country and it will continue to make efforts towards achieving its vision.

In its journey towards excellence, SSIPMT has continued to grow multi-dimensionally. It has made many meaningful innovations in academics, and operations within a short span of time. In academics, a paradigm shift from 'paathshaala to prayogshaala' has become the hallmark of the institute. Together with academic excellence, SSIPMT has actively collaborated with the industry to ensure alignment. The institute has established Centers of Excellence (CoE) in association with industry and trade bodies to enable innovation at the institute. Additionally, to enable value based leadership at SSIPMT, it has created an ecosystem that connects students and faculty with the society so as to give back to the society at large.

Internships, placements, industrial visits, lectures, workshops, FDPs, and hackathons are a regular feature of the institute. They enable the vision into reality.

MISSION

Apropos of the vision of the institute, the mission statements have been articulated as

“The institute will focus on producing competent future professionals by:

- 1. Partnering and collaborating with industry and government in producing new knowledge and addressing socially relevant problems.*
- 2. Creating infrastructure and good practices that foster innovation-based education.*
- 3. Providing experiences that lead students becoming good engineers.”*

The mission statement serves as the light house for all the stakeholders and presents a roadmap of specific actions. Deriving from the mission statement 1, SSIPMT has been able to sign up MoUs with industry and has actively collaborated with the industry to align with their requirements and thereby making students industry ready. It has adopted a systematic approach to encourage its students to take up socially relevant problems and find solutions by applying engineering skills.

Working on the mission statement 2, the institute has created a conducive environment that presents the students with a right balance of theory and practice, and has thus instilled a multi-disciplinary, competitive and exploratory mindset in them.

The mission statement 3 contributes by directing the institute to offer its students pathways for 360-degree development by integrating technical /and life skills, offer internship opportunities in companies, and thus equip them to become potential engineers, eventually culminating in placements in leading MNCs to pursue a successful career as successful engineers.

HARELI UTSAV

5

28th July 2022

Hareli is an agricultural festival celebrated on the Sravana Amavasya, the new moon at the start of the month of Shravan, a holy month for Hindus. The name of this popular and famous festival comes from the Hindi word "Haryali" which means greenery, which abounds at this time of year as the annual monsoon season is in full swing. Fittingly it is Kutki Dai, the goddess of crops who is the focus of worship during the festival as the farmers seek her help in ensuring they will have plentiful crops.

POSTER FOR THE DAY

POSTER OF THE EVENT

On the occasion of Hareli Tihar, National Service Scheme S.S.I.P.M.T Raipur has organised a Hareli celebration in the institute on 28th July, Thursday.

Hareli is celebrated to honor and show reverence for farming tools. The farmers of Chhattisgarh worship their equipment. They pray for a good harvest and the basic theme of this festival is nature-centric. The rituals are simple, though the importance of a good crop ensure the prayers are ardent. During the Hareli festival, people place branches of the Bhelwa tree in their respective fields. They also hanged branches of Neem tree on the entrance of their houses. Neem has medicinal properties that prevents diseases as well as insects. The Hareli festival of Chhattisgarh is also marked by playing 'Gedi', a game where small children use bamboo sticks as stilts and walk around the fields.

The event begun with cleaning the farming tools and then they were placed where volunteers have made patterns with rice flour (**Chowk Poorana**). Then along with Mr. Mahendra Kumar Sahu (Asst. Prof. Dept. of IT) volunteers worship equipment's.

CLEANING OF TOOLS

POOJA

After pooja, volunteers offered traditional food like **Chilla, Bara, Puri And Mal Puwa.**

Mr. Mahendra Kumar Sahu (Asst. Prof. Dept. of IT) explained why Hareli is being celebrated and shared his thoughts on importance of neem leaves which is also helpful for

HAR GHAR TIRANGA CAPAIGN

5th to 15th August, 2022

'Har Ghar Tiranga' is a campaign under the aegis of Azadi Ka Amrit Mahotsav to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India's independence. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag.

Objectives:- The main object of patent and design to encourage scientific research, new technology and industrial progress. Patent law grants a monopoly to the inventor to use their patented product and allow the use of the same to someone with prior permission against certain consideration.

Benefits:- A patent gives you the right to stop others from copying, manufacturing, selling or importing your invention without your permission. The owner owns full freedom to utilize, sell, or even modify the original invention and to prevent others from making profits from the same ideas without his consent.

Poster:-

The poster is for a webinar titled "Intellectual Property Rights (IPR) - Patent and Design Process". It is presented by the Rajiv Gandhi National Institute of Intellectual Property Management (RGNIIPM) in association with IIC-SSIPMT. The speaker is Mr. Pankaj P. Borkar, Dy. One-Day Awareness Program on Ill Effects of Drugs, Its Awareness and Training was organized at SSIPMT Raipur on 27 December 2022 for the students of B.Tech First Year. The venue for the session was E-Class Room, First Year Building. The Chief Speaker, Mr. Ajay Shrivastava, Project Coordinator working with addicts in Integrated Rehabilitation Center for Addicts, addressed the students on the topic- "Social Conflict through Drugs in the Society."

Mr. Laxmi Narayan Dewangan, Project Coordination and State Head of State Level Coordinating Agency (SLCA) created awareness regarding prevention program run to fight against drugs by the central government. Both the speakers highlighted the ill effects of drugs on students and the commoners giving case studies and the recent drug abuse cases. They even answered the questions of the students. It was really an informative and eye-opening session.

We dream of painting a
New INDIA;
the India that shines
bright in the
whole world.
