Any other Remarks/Suggestions

14 responses

No

No

Syllabus needs to be updated.
Certification/diploma courses should be added by the university to ace students' employability.

AI & ML faculty provide good hands-on exposure to students.

College is providing beyond the syllabus, students are getting more then the prescribed syllabus

Project based classes are also conducted so the students are able to learn the practical approach of concepts

Improve the project-based learning ecosystem in the institutions.

No.

Good

More courses for industry-ready ness should be carried out for students apart from the university's prescribed curriculum.

University curriculum must be upgraded with more orientation to pratical knowledge

University curriculum should be updated as per the requirements of current environment

Needs to focus on consulting projects.
