No

.

Nothing

No

..

Nothing

Nope

no

None

Nil

Excellent

NA

All good

1. Focus more on weak students.

There should be 2 breaks in place of 1

Nice

Please add sports period in time table

no

All good

Placement details should be given to every student and internship opportunities.

Na

There should be at least 2 sports periods in a week, and sports should be promoted as well ...

Wifi limits for student must be increased  
Extra curricular activities like sports must be added

1)Wifi limit should be increased for the students. 2)Extra curricular activities like sports should be held every month.

They go with the same primitive approach of getting student to attend college everyday and complete there syllabus at any cost, it feels like more of a school than college. It is good being strict but a little freedom to explore our opportunities is important which they slightly lack. This is probably last phase after which we have to face the world all alone so better train us that way rather than completing syllabus being the prime objective.

Please improve mess food quality

Please make the canteen larger. The students does not get seats everytime they go to the canteen.

8/10

There should be a sports period in our Time Table

Assignments should be discussed.  
Check on hostel students and not only on filling anti-ragging forms.  
Studies should be focused more and also discipline should be checked.

1. no sports period
2. canteen food is not so good
3. condition of school bus is worst
4. lack of sport equipment s

AI & ML faculty provide good hands-on exposure to students.

No

Mess Food Is Not Good And sports facility is not good

Auditorium coulbe much more helpful for gathering everyone on same place.

Bus for vocational training and other activity .

Sports sessions and extra co-curricular should be conducted frequently..

Air conditioners required  
Proper revision of course for absentees with valid reason required

No

All is good

.

Ssipmt raipur is best institute ... It's s  
Center of grow our skills.

No... In my mind it is the best college..

Please make 1 stationary in college campus

Awesome collage

Institute is good but need to improve study materials , hostel mess food is not good at all .

Need one sports lecture in a week

No.

Less sports activities for 2nd to 4 th year student

Washroom is unhygienic

Lectures must be dividend according to the difficulty level of subject.  
And number of project making should increase.

More culture program should be their

Sir I'm learning Java on my own. And I am preparing for internships. So for that please help me in the process. It's requeste from my side. If I get low marks in CT it's because of I'm preparing myself for internships and I'm trying my best. For that please help me in the process

quality of food in mess can be improved

Course structure as well as placement opportunities must be improved

I love my college 🎓

Their effectiveness, good learning

As we all know sports plays an important role but there.is no sports in ssipmt

I wish we had stationary facilities in clg hours nearby

Trips must be organised for students to explore new places because it's college life. We can learn while traveling and enjoying.

Improvement in hostel mess food , there should be atleast one sports class in week (Saturday) , visit/trip for CS students

Focus more on sports

On basis of extra curricular activities there should be sports and many more cultural fests organized..

Canteen size should be increased because the sitting capacity of canteen is less,

Everything was good.

Try to understand Student.

The teachers should take a little deep dive of the topic they are teaching and tell us How we could use that in practical world.

Hostel mess food is soo poor

One of the good collage

Canteen/Mess food quality can be improved!!!

There should be a thali system in the canteen for day scholars ,everytime eating junk food is not good for health

please install fans in canteen

Improve skills

mess food becomes very wasteful and no one cares for cleanliness.

About course we are following old course cause of University if it changes that will help the students very well

Teachers should focus more on practical knowledge.

Very good

Fair work

No, Thankyou!

blazer compulsory do for every student in engineering branch. With formal dress code

Canteen could have been better

It is very good collage but more extra curricular activity must be included such as sports ,  
cultral , students must be encouraged to form clubs etc.... Its always like study study ....

Good

Everything is good and perfect .

Get the college girls bathrooms cleaned, they are always dirty. N kindly add pad machine for  
girls.

Attendance should not matter , how much knowledge a student has on his subjects should  
matter. Sometimes due to work load in family , the attendance becomes short but it doesn't  
mean student enjoys at home , it is possible that he/she is studying at home religiously .  
Secondly , college should give knowledge of various competitive exams one can appear after  
B.tech.

Best faculty and college

Try to motivate students as much as possible....

Add games periods

Every outdoor ground are always in poor condition. Atm machines not working properly.

Look towards Games

Need medical facilities and site visit

No suggestion collage is very good

No

The institute could benefit greatly from an app that allows students to track their overall  
performance and recommends suitable supplementary articles, courses etc as every student  
has a different approach to learning.

Covid-19 has ruined the traditional learning flow beyond repair. Many students have moved on  
to online learning and prefer reading articles, experimentation (to the extent which can be done  
on a computer), watching course videos and going through course material on their own.

The institute would also benefit greatly, extremely greatly in my opinion if the expert professors  
were to create online courses for students to follow, made by SSIPMT itself instead of  
coursera, Allison etc. It will establish a sense of familiarity and relevance to the student

learning that specific course.

The institute has un-tapped potential held back by an iron fist of traditional learning methods.

Good

Nothing.

1. Please put some ACs in the classes , because it's unbearable hot in summers , we often got ill in the summers, because of which many students have low attendance
2. board always shine in the classroom
3. speed of fan is extremely slow , it is as same as not working
4. Make some more shedded parkings in the campus
5. Attendance is also not calculated correctly

Since 2 years there is no events have been organised by IT department waiting very eagerly
